

# Strategies for Simplifying Saving Time. Making Banking Easier.

## Simplify with Internet Banking

**Scheduled Transfers** – Offers **convenience** because you don't have to remember to make transfers.

**Notifications** – Gives you **peace of mind** knowing you will be notified when your balance reaches limits.

**Check Images** – Gives you the **freedom** to research images at any time of the day or night.

**Online Statements** – Offers **security** knowing that your personal information isn't sitting in the mailbox.

**Bill Pay** – **Saves you money** on envelopes, stamps and checks. Saves you trips to the mailbox.

## Simplify with FinanceWorks™

**Track Spending** – Helps you identify ways to **control spending** and **save more money**.

**Budgeting/Goals** – Helps you create a monthly **budget and track** against it.

**Business Tracking** – Allows small business users to track and report on business transactions

**Central Account Management** – Gives you the ability to manage all of your accounts in one place.

**Alerts and Reminders** – Alerts you when your budget/goals categories reach specified levels.
